A.M.A. ARCHIVES OF
NEUROLOGY & PSYCHIATRY

JUNE 1957

VOLUME 77 NUMBER 6

INDEX TO A. M. A. ARCHIVES OF NEUROLOGY AND PSYCHIATRY
FOR THE PERIOD
JANUARY THROUGH JUNE, 1957

AMERICAN MEDICAL ASSOCIATION Publication

THIS INDEX consists of two parts: Author and Title Index and Subject Index. A Table of Contents is not included, and subscribers who want one in the bound volume should arrange to have the Table of Contents of each of the six issues of this volume included among the pages to be bound.

A.M.A. ARCHIVES OF NEUROLOGY & PSYCHIATRY

VOLUME 77
1957

PUBLISHERS
AMERICAN MEDICAL ASSOCIATION
CHICAGO 10, ILL.

AUTHOR AND TITLE INDEX TO VOLUME 77

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, special article, or scientific exhibit.

For Subject Index see page [5].

A

Abood, L. G.; Gibbs, F. A., and Gibbs, E.: Comparative study of blood ceruloplasmin in schizophrenia and other disorders, *643

Abramson, H. A.; Sklarofsky, B.; Baron, M. O., and Gettner, H. H.: Lysergic acid diethylamide (LSD-25) antagonisis: I. blocking effect of brain extract in siamese fighting fish: preliminary report, *439

Achor, R. W. P.: See Faucett, R. L., jt. auth.

Adams, C. L.; Gibbs, E. L., and Gibbs, F. A.: Asynchronism of electrical activity of frontal lobes during sleep: late sequel of frontal lobotomy, *237

Adams, R. D.: See Dreyfus, P. M., jt. auth.

See Victor, M., jt. auth.

Anderson, T. E.: See Cutler, R. P., jt. auth.

Arieff, A. J.; Pyzik, S. W., and Tigay, E. L.: Itch sensation and recovery of sensation in spinal cord injuries, *156

Armstrong, M. D.: See Low, N. L., jt. auth.

B

Bagchi, B. K.: See Rodin, E. A., jt. auth.

Barron, M. O.: See Abramson, H. A., jt. auth.

Basowitz, H.: See Grinker, R. R., jt. auth.

Beigler, J. S.: Anxiety as aid in prognostication of impending death, *171

Bellet, J. Rey-: See Rey-Bellet, J.

Belleville, R. E.: See Hill, H. E., jt. auth.

Benda, C. E., and Hoesly, G. F.: Neuropathological and neurosurgical aspects of postnatal and natal cerebral injuries, 162

Board, F. A.: See Grinker, R. R., jt. auth.

Bonafede, V. I.: Chlorpromazine (Thorazine) treatment of disturbed epileptic patients, *243

Bosma, J. F.: See Low, N. L., jt. auth.

Branch, C. H.: See Cole, N. J., jt. auth.

Brock, S., and Merwarth, H. R.: Illusory awareness of body parts in cerebral disease, *366

C

Chafetz, M. E.: Treatment of Parkinson's disease: A. psychotherapy in Parkinson's disease, 271

Chevalier, J. A.: See Grinker, R. R., jt. auth.

Clark, D. B.: See Tyler, H. R., jt. auth.

Cohen, B., and Sun Kyoo Song: Transient displacement of pineal body, 170

Cohen, S.: See Titchener, J. L., jt. auth.

Cole, N. J.; Branch, C. H., and Shaw, O. M.: Mental illness: survey assessment of community rates, attitudes, and adjustments, *393

Cooper, S., and Kahne, M. J.: Mental health film and group psychotherapy, 274

Courville, C. B.: Intracerebral hematoma: its pathology and pathogenesis, *464

Cowett, A.: See Titchener, J. L., jt. auth.

Crounse, K. L.: See Ware, J. H., jt. auth.

Culbertson, W.: See Titchener, J. L., jt. auth.

Cutler, R. P.; Monroe, J. J., and Anderson, T. P.: Effects of "tranquilisers" upon pathological activity in psychotic patients: I. chlorpromazine, *616

D

DeJong, R. N.: See Rodin, E. A., jt. auth.

Dreyfus, P. M.; Hakim, S., and Adams, R. D.: Diabetic ophthalmoplegia: report of case, with postmortem study and comments on vascular supply of human oculomotor nerve, *837

E

Efron, R., and Kent, D. C.: Chronic respiratory acidosis due to brain disease: reversal of normal electroencephalographic response to hyperventilation, *575

Ehrentheil, O. F.: Common medical disorders rarely found in psychotic patients: rarity of hay fever, asthma, and rheumatoid arthritis in contrast to relative frequency of duodenal ulcer in psychiatric hospital, *178

Elmadjian, F.; Hope, J. M., and Freeman, H.: Methacholine test and epinephrine and arterenol excretion: hemodynamics of methacholine test and its relationship to excretion of epinephrine and arterenol (norepinephrine) in normal and schizophrenic subjects, *399

Evarts, E. V.: See Kies, M. W., jt. auth.

F

Falstein, E. I.: See Goldstein, I. M., jt. auth.

Faucett, R. L.; Litin, E. M., and Achor, R. W. P.: Neuropharmacologic action of rauwolfia compounds and its psychodynamic implications, *513

Fixsen, C.: See Foundeur, M., jt. auth.

Flanigan, S.; Gabrieli, E. R., and MacLean, P. D.: Cerebral changes revealed by radionutography with S^{35}-labeled L-methionine, *588

Folch, J.: See Porter, H., jt. auth.

Forrer, G. R., and Grisell, J. L.: U. S. Army psychiatric training program: subsequent nation-wide effects, *218

Foundeur, M.; Fixsen, C.; Triebel, W. A., and White, M. A.: Postpartum mental illness: controlled study, *503

Frank, J. D.; Gliedman, L. H.; Imber, S. D.; Nash, E. H., Jr., and Stone, A. R.: Why patients leave psychotherapy, *283

Freeman, H.: See Elmadjian, F., jt. auth.

G

Gabrieli, E. R.: See Flanigan, S., jt. auth.

Gammon, G. D.; King, G., and Schwarz, G.: Bilateral facial palsy and peripheral nerve involvement presenting signs of bronchogenic carcinoma, 277

Garrett, E. S.; Price, A. C., and Deabler, H. L.: Diagnostic testing for cortical brain impairment, *223

Garvey, E. K.: See Schwab, R. S., jt. auth.

Gettner, H. H.: See Abramson, H. A., jt. auth.

Gibbs, E. L.: See Abood, L. G., jt. auth.
See Adams, C. L., jt. auth.

Gibbs, F. A.: See Abood, L. G., jt. auth.
See Adams, C. L., jt. auth.

Gleser, G. C.: See Gottschalk, L. A., jt. auth.

Gliedman, L. H.: See Frank, J. D., jt. auth.

Gloor, P.: Pattern of conduction of amygdaloid seizure discharge: experimental study in cat, *247

Goldfarb, W.: See Pollack, M., jt. auth.

Goldstein, I. M.; Judas, I.; Sutton, H. A., Falstein, E. I.: Adjustment patterns of leadership and defenses in disturbed child group, *312

Goldstein, N. P.: See Kies, M. W., jt. auth.

Gottschalk, L. A.: See Titchener, J. L., jt. auth.
Gleser, G. C., and Hambidge, G., Jr.: Verbal behavior analysis: some content and form variables in speech relevant to personality adjustment, *300

Grinker, R. R.; Sabshin, M.; Hamburg, D. A.; Board, F. A.; Basowitz, H.; Korchin, S. J.; Persky, H., and Chevalier, J. A.: Use of anxiety-producing interview and its meaning to subject, *406

Grisell, J. L.: See Forrer, G. R., jt. auth.

Gullock, A. H.: See Kelsey, F. O., jt. auth.

H

Hakim, S.: See Dreyfus, P. M., jt. auth.

Hambidge, G., Jr.: See Gottschalk, L. A., jt. auth.

Hamburg, D. A.: See Grinker, R. R., jt. auth.

Hampson, J. G.: See Money, J., jt. auth.

Haymaker, W.: See Tomlinson, J. C., jt. auth.

Hill, H. E.; Belleville, R. E., and Wikler, A.: Motivational determinants in modification of behavior by morphine and pentobarbital, *28

Hoessly, G. F.: See Benda, G. E., jt. auth.

Hoffer, A., and Kenyon, M.: Conversion of adrenaline to adrenolutin in human blood serum, *437

Hope, J. M.: See Elmadjian, F., jt. auth.

Horst, D.: See Kies, M. W., jt. auth.

Humphries, O.: See Kornetsky, C., jt. auth.

I

Imber, S. D.: See Frank, J. D., jt. auth.

Imboden, J. B.: Brunswik's theory of perception: note on its applicability to normal and neurotic personality functioning, *187

Isbell, H., and Logan, C. R.: Studies on diethylamide of lysergic acid (LSD-25): II. effects of chlorpromazine, azacyclonol, and reserpine on intensity of LSD-reaction, *350

J

Jaeger, R.: Permanent relief of tic douloureux by Gasserian injection of hot water *1

Jeffreys, W. H.: See Nelson, D. A., jt. auth.

Jenkins, C. D., and Mellins, R. B.: Lead poisoning in children: study of 46 cases, *70

Johnson, L. C.: See Smith, K., jt. auth.

Judas, I.: See Goldstein, I. M., jt. auth.

K

Kahne, M. J.: See Cooper, S., jt. auth.

Kelsey, F. E.: See Kelsey, F. O., jt. auth.

Kelsey, F. O.; Gullock, A. H., and Kelsey, F. E.: Thyroid activity in hospitalized psychiatric patients: relation of dietary iodine to I^{131} uptake, *543

Kent, D. C.: See Efron, R., jt. auth.

Kenyon, M.: See Hoffer, A., jt. auth.

Kety, S.: Recent studies in psychopharmacology, 278

Kies, M. W.; Horst, D.; Evarts, E. V., and Goldstein, N. P.: Antidiuretic effect of lysergic acid diethylamide in humans, *267

King, A. B.: Sciatica in amputated legs, 276

King, G.: See Gammon, G. D., jt. auth.

Kline, N. S.: Relation of psychiatry to pharmaceutical industry, *611

Korchin, S. J.: See Grinker, R. R., jt. auth.

Kornetsky, C.: Relation of physiological and emotional effects of lysergic acid diethylamide, *657
and Humphries, O.: Relationship between effects of a number of centrally acting drugs and personality, *325
Humphries, O., and Evarts, E. V.: Comparison of psychological effects of certain centrally acting drugs, in man, *318

Kunkle, E. C.: See Tindall, G. T., jt. auth.

L

Lassen, N. A.; Munck, O., and Tottey, E. R.: Mental function and cerebral oxygen consumption in organic dementia, *126

Lennox, W. G.: See Rey-Bellet, J., jt. auth.

Levine, M.: See Titchener, J. L., jt. auth.

Lewis, D. J.: See Sloane, R. B., jt. auth.

Lewis, R. B.: See Tucker, H., jt. auth.

Lichtenberg, P.: Definition and analysis of depression, *519

Liebert, R. S.; Wapner, S., and Werner, H.: Studies in effects of lysergic acid diethylamide (LSD-25): visual perception of verticality in schizophrenic and normal adults, *193

List, C. F., and Williams, J. R.: Pathogenesis of trigeminal neuralgia: review, *86

Litin, E. M.: See Faucett, R. L., jt. auth.

Logan, C. R.: See Isbell, H., jt. auth.

Low, N. L.; Bosma, J. F., and Armstrong, M. D.: Studies on phenylketonuria: VI. EEG studies in phenylketonuria, *339

Mc

MacLean, P. D.: See Flanigan, S., jt. auth.

M

Martin, G. L.: See Tucker, H., jt. auth.

Mason, J. W.: See Price, D. B., jt. auth.

Mays, L.: Vernier scale for measuring time on electroencephalogram or polygraph chart, 659

Meares, A.: Working hypothesis as to nature of hypnosis, *549

Medina, R. F.: Frontal lobe damage and flicker fusion frequency, *108

Mellins, R. B.: See Jenkins, C. D., jt. auth.

Merwarth, H. R.: See Brock, S., jt. auth.

Miller, P. N.: See Parsons, O. A., jt. auth.

Mirsky, A. F.: See Primac, D. W., jt. auth.

Money, J.; Hampson, J. G., and Hampson, J. L.: Imprinting and establishment of gender role, *333

Monroe, J. J.: See Cutler, R. P., jt. auth.

Munck, O.: See Lassen, N. A., jt. auth.

Zwerling, I.: See **Titchener, J. L.,** jt. auth.

SUBJECT INDEX TO VOLUME 77

The following Index contains an alphabetical list of significant subjects presented in this volume. Abstracts are indexed by category under the heading "ABSTRACTS." Books reviewed are listed alphabetically by title under the heading "BOOKS." Society transactions are listed under that heading, with individual papers indexed under appropriate headings. Death notices and obituaries are listed under "DEATHS."

A

ABSTRACTS
diseases of brain, 52, 380, 492
diseases of spinal cord, 52, 383
encephalography, ventriculography, and roentgenography, 495
meninges and blood vessels, 52, 378
muscular system, 493
neuropathology, 50
peripheral and cranial nerves, 53, 384
physiology and biochemistry, 49, 376
psychiatry and psychopathology, 52, 378
treatment, neurosurgery, 53, 384
vegetative and endocrine systems, 384

Accidents
cerebrovascular: in patients with congenital heart disease [Tyler and Clark], *483

Acidosis
respiratory, chronic: due to brain disease [Efron and Kent], *575

Adjustment patterns
in disturbed children: leadership and defenses [Goldstein et al.], *312

Adrenaline
conversion to adrenolutin in blood serum [Hoffer and Kenyon], *437

Adrenal gland
cortex, activity: preoperative emotion and [Price et al.], *646

Age
relation to sensory errors in face-hand test [White], *120

American Board of Psychiatry and Neurology, Inc.
specialists certified in neurology, 388
specialists certified in psychiatry, 446

Amygdaloid nucleus
stimulation: conduction of electrical after-discharge [Gloor], *247

Anxiety
interview producing [Grinker et al.], *406
in prognostication of impending death [Beigler], *171

Appointments
Livingston, Robert B., 281

Arthritis
rheumatic: rarity in psychotic patients [Ehrentheil], *178

Asthma
rarity in psychotic patients [Ehrentheil], *178

Azacyclonol
effect on intensity of lysergic acid diethylamide reaction [Isbell and Logan], *350

B

Behavior
modification by morphine and pentobarbital: motivational determinants [Hill et al.], *28

Blood
ceruloplasmin: comparative study in schizophrenia and other disorders [Abood et al.], *643
serum: conversion of adrenaline to adrenolutin in [Hoffer and Kenyon], *437

Blood pressure
responses: diagnostic value in psychiatric patients [Sloane et al.], *540

Body image
disturbed, in brain disease [Brock and Merwarth], *366

BOOKS
Anxiety and Magic Thinking [Odier, translated by Schoelly and Sherfey], 111
Application of Basic Science Techniques to Psychiatrique Research [Am. Psychiat. A.], 663
Basic Readings on MMPI in Psychology and Medicine [Welsh and Dahlstrom, eds.], 448
Biochemistry of Central Nervous System [McIlwain], 56
Blakiston's New Gould Medical Dictionary [Hoerr and Osol, eds.], 389
Classics of Biology [Suner], 390
Emotional Hazards in Animals and Man [Liddell], 389
Etude radio-anatomique de l'os temporal [Juster and Fischgold], 56
J. M. Charcot, 1825-1893, sa vie—son œuvre [Guillain], 282
Life Stress and Essential Hypertension [Wolff et al.], 282
Masked Epilepsy [Wallis], 390
Neurochemistry [Korey and Nurnberger], 501
Neurogene Nystagmus [Ohm], 501
Organization of Cerebral Cortex [Sholl], 501
Personality, Stress and Tuberculosis [Sparer, ed.], 663
Psychology, Psychiatry, and the Public Interest [Krout], 226
Recent Advances in Neurology and Neuropsychiatry [Brain and Strauss], 56
Research Techniques in Schizophrenia [Gottlieb, ed.], 112
Straight to the Heart [Lawton], 663
Theories of Personality [Hall and Lindzey], 662
Therapeutique par chlorpromazine en pratique psychiatrique [Revol], 662
Treatment of Migraine [Graham], 392
Yearbook of Modern Nursing [Cowan], 390

Brain
cerebral cortex: impairment of, diagnostic testing for [Garrett et al.], *223
cerebrovascular accidents in patients with congenital heart disease [Tyler and Clark], *483

Brain—continued

changes revealed by radioautography with S^{35}-labeled methionine [Flanigan et al.], *588

copper and protein fractions in normal and in hepatolenticular degeneration [Porter and Folch], *8

damage: effect of centrally acting drugs on tests of [Primac et al.], 328

disease: disturbed body image in [Broek and Merwarth], *366

extract: as LSD antagonist [Abramson et al.], *439

frontal lobe: damage of, and flicker fusion frequency [Medina], *108

frontal lobe: electrical activity of: asynchronism during sleep [Adams et al.], *237

hematoma, intracerebral: pathology and pathogenesis [Courville], *464

injuries, natal and postnatal: neuropathologic and neurosurgical aspects [Benda and Hoesly], 162

mental function and oxygen consumption in organic dementia [Lassen et al.], *126

temporal lobe: psychic function of, as inferred from seizure phenomena [Ostow], *79

ventricles: epidermoid tumors of [Scott], 276

Brunswik, E.

theory of perception [Imboden], *187

C

Ceruloplasmin: See under Blood

Charcot, Jean-Martin (1825-1893) [Tomlinson and Haymaker], *44

Childbirth

postpartum mental illness [Foundeur et al.], *503

Chlorpromazine

effect on intensity of lysergic acid diethylamide [Isbell and Logan], *350

effect on pathological activity in psychotic patients [Cutler et al.], *616

treatment of disturbed epileptic patients [Bonafede], *243

Chordotomy

upper thoracic, for relief of pain [White et al.], 159

Convulsive threshold

in schizophrenia [Smith et al.], *528

Copper

deposition in hepatolenticular degeneration [Uzman], 164

protein fractions of brain in hepatolenticular degeneration [Porter and Folch], 8

CORRESPONDENCE

practice of psychiatry around world [Blake-Palmer and Dobsone; Zaguirre], 556

D

Death

impending: anxiety as aid in prognosticating [Beigler], *171

DEATHS

Wartenberg, Robert, 490

Dementia

organic: mental function and cerebral oxygen consumption in [Lassen et al.], *126

Depression

definition and analysis [Lichtenberg], *519

Drugs

centrally acting: comparison of psychological effects in man [Kornetsky et al.], *318

centrally acting: effect on 2 tests of brain damage [Primac et al.], *328

centrally acting: relation of effects and personality [Kornetsky and Humphries], *325

E

EDITORIALS

relation of psychiatry to pharmaceutical industry [Kline], *611

Electroencephalography

scale, vernier, for measuring time on chart [Mays], 659

studies in phenylketonuria [Low et al.], *359

Emotions

preoperative, and adrenal cortical activity [Price et al.], *646

Encephalitis

epidemic: abnormal electroencephalographic response to hyperventilation as sequel to [Efron and Kent], *575

Epilepsy

chlorpromazine treatment of disturbed patients with [Bonafede], *243

psychomotor: histopathology [Scharenberg], *595

psychomotor: relation between certain forms of, and "schizophrenia" [Rodin et al.], *449

phensuximide therapy: long-term effects [Rey-Bellet and Lennox], *23

temporal lobe: "march" of [Stevens], *227

F

Flicker fusion

frequency: frontal lobe damage and [Medina], *108

thresholds: in multiple sclerosis [Parsons and Miller], *134

Frenquel: See Azacyclonol

G

Gasserian ganglion

injection with hot water for permanent relief of tic douloureux [Jaeger], *1

Gender role

imprinting and establishment in hermaphrodites [Money], *323

H

Hay fever

rarity in psychotic patients [Ehrentheil], *178

Headache

bulbar conjunctival ischemia and [Ostfeld et al.], *113

muscle contraction [Ostfeld et al.], *113

Heart disease

congenital: cerebrovascular accidents in patients with [Tyler and Clark], *483

congenital: neurological complications [Tyler and Clark], *17

Heat

studies on patients with neurological diseases [Nelson and Jeffreys], 168

Hematoma

intracerebral: pathology and pathogenesis [Courville], *464

Hepatolenticular degeneration
copper deposition in [Uzman], 164

Hermaphrodites
gender role in: imprinting and establishment, [Money et al.], °333

Hyperventilation
abnormal electroencephalographic response to, as sequel to epidemic encephalitis [Efron and Kent], °575

Hypnosis
animal: experimental model for psychiatry [Svorad], °533
working hypothesis as to nature of [Meares], °549

I

I^{131}: See Iodine, radioactive

Illness
surgical: interaction of emotions, personality, surgical illness, treatment and convalescence [Titchener et al.], °623
surgical: preoperative emotions and adrenal cortex activity [Price et al.], °646

Intervertebral disks
protruding: sciatica in amputated legs referable to [King], 276
ruptured, causing cord compression in child [Peck], 168

Interview
anxiety-producing: use and meaning to subject [Grinker et al.], °406

Iodine
radioactive: relation of dietary iodine to, in hospitalized psychiatric patients [Kelsey et al.], °543

Ischemia
bulbar conjunctival, and muscle contraction headache [Ostfeld et al.], °113

Itch sensation
and recovery of sensation in spinal cord injuries [Arieff et al.], °156

L

Lead
poisoning in children [Jenkins and Mellins], 70

Lobotomy
frontal: asynchronism of electrical activity of frontal lobes during sleep as late sequel of [Adams et al.], °237

LSD-25: See Lysergic acid diethylamide

Lupus erythematosus
psychic manifestations [O'Connor], 166

Lysergic acid diethylamide
antagonists: blocking effect of brain extract in Siamese fighting fish [Abramson et al.], °439
antidiuretic effect in humans [Kies et al.], °267
effects of chlorpromazine, azacyclonol, and reserpine on intensity of [Isbell and Logan], °350
effect on visual perception of verticality in schizophrenic and in normal adults [Liebert et al.], °193
relation to physiological and psychological effects [Kornetsky], °657

M

Mecholyl: See Methacholine

Mental illness
community rates, attitudes, and adjustments [Cole et al.], °393
postpartum [Foundeur et al.], °503
therapy: closed-circuit television [Tucker et al.], °57

Meralgia
paresthetica [Stevens], °557

Methacholine
test: hemodynamics and relation to excretion of epinephrine and arterenol [Elmadjian et al.], °399

L-Methionine
S^{35}-labeled: radionutography with [Flanigan et al.], °588

Milontin: See Phensuximide

Morphine
motivational determinants in behavior modification by [Hill et al.], °28

Motion pictures
mental health film and group psychotherapy [Cooper and Kahne], 274

N

Nasopharynx
malignancy: cranial nerve syndromes associated with [Riggs et al.], °473

National Institute of Mental Health
psychopharmacology service center, 280

Nerves
cranial: syndromes associated with nasopharyngeal malignancies [Riggs et al.], °473
oculomotor: vascular supply [Dreyfus], °337

Neuralgia
trigeminal: pathogenesis [List and Williams], °37

Neurologic disorders
heat studies on patients with [Nelson and Jeffreys], 168
incidence in patients with congenital heart disease [Tyler and Clark], °17

News and Comment, 55, 280, 388, 446, 610

O

Ophthalmoplegia
diabetic [Dreyfus et al.], °337

Oxygen
cerebral consumption of, and mental function in organic dementia [Lassen et al.], °126

P

Pain
-spot densities in human skin [Tindall and Kunkle], °605

Palsy
facial: and peripheral nerve involvement presenting signs of bronchogenic carcinoma [Gammon et al.], 277

Parkinson's disease
drug therapy of [Schwab and Garvey], 272
psychotherapy of [Chafetz], 271

Pentobarbital
motivational determinants in behavior modification by [Hill et al.], 28

Perception
Brunswik's theory of [Imboden], °187
in schizophrenia [Scher], °210

Personality
adjustment: verbal behavior relevant to [Gottschalk et al.], °300
effect of some centrally acting drugs on [Kornetsky and Humphries], °325

Pharmaceutical industry
relation of psychiatry to [Kline], °611

Phensuximide
in epilepsy: long-term effects [Rey-Bellet and Lennox], *23
Phenylketonuria
electroencephalographic studies in [Low et al.], *359
Pineal body
transient displacement of [Cohen and Sun Kyoo Song], 170
Postgraduate education
International Poliomyelitis Congress, 502
Proteins
copper-containing in brain in hepatolenticular degeneration [Porter and Folch], 8
Psychiatric patients
blood pressure responses: diagnostic value [Sloane et al.], *540
thyroid activity of [Kelsey et al.], *543
Psychiatric research
trouble with [Ruesch], *93
Psychiatry
animal hypnosis as model for [Svorad], *533
relation to pharmaceutical industry [Kline], *611
U. S. Army training program [Forrer and Grisell], *218
Psychopathic personality
motives in [Ware and Crounse], 166
Psychopharmacology
recent studies [Kety], 278
Psychopharmacotherapeutic research
triadistic approach [Rashkis and Smarr], *202
Psychosis
religious, acute [Rosenkotter], 167
Psychotherapy
group: mental health film and [Cooper and Kahne], 274
why patients leave [Frank et al.], *283
Psychotic patients
effects of chlorpromazine on pathological activity in [Cutler et al.], *616
Pyridoxine
deficiency, experimental: neuropathology [Victor and Adams], 270

R

Radiation
responsibilities of medical profession in use of, 502
Radioautography
with S^{35}-labeled L-methionine: cerebral changes revealed by [Flanigan et al.], *588
Rauwolfia serpentina
compounds: neuropharmacologic action [Faucett et al.], *513
Reserpine
effect on intensity of lysergic acid diethylamide reaction [Isbell and Logan], *350

S

S^{35}: See Sulfur, radioactive
Schizophrenia
blood ceruloplasmin in [Abood et al.], *643
children with: face-hand test in [Pollack and Goldfarb], *635
contribution to psychology of [Szasz], *420
convulsive threshold in [Smith et al.], *528
effect of lysergic acid diethylamide on perception of verticality in patients with [Liebert et al.], *193
methacholine test in [Elmadjian et al.], *399
perception in [Scher], *210
relation between certain forms of psychomotor epilepsy and [Rodin et al.], *449
Sciatica
in amputated legs: referable to protruding intervertebral disks [King], 276
Sclerosis
multiple: flicker fusion thresholds in [Parsons and Miller], *134
Seizures
amygdaloid: pattern of conduction of after-discharge [Gloor], *247
hypoglycemic: site of origin in rabbit [Tokizane and Sawyer], *259
psychic function of temporal lobe as inferred from [Ostow], *79
Silver
carbonate: study of histopathology of psychomotor epilepsy [Scharenberg], 595
Skin
human: pain-spot densities in [Tindall and Kunkle], *605

AMERICAN MEDICAL ASSOCIATION Publication

AUTHOR AND TITLE INDEX TO VOLUME 78

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, special article, or scientific exhibit.

For Subject Index see page [5].

SUBJECT INDEX TO VOLUME 78

The following Index contains an alphabetical list of significant subjects presented in this volume. Abstracts are indexed by category under the heading "ABSTRACTS." Books reviewed are listed alphabetically by title under the heading "BOOKS." Society transactions are listed under that heading, with individual papers indexed under appropriate headings.

A

ABSTRACTS
- anatomy and embryology, 46
- diseases of brain, 50, 595
- diseases of spinal cord, 51
- encephalography, ventriculographym and roentgenography, 274, 598
- meninges and blood vessels, 49, 594
- muscular system, 273
- neuropathology, 47, 486
- peripheral and cranial nerves, 52, 596
- physiology and biochemistry, 46, 484
- psychiatry and psychopathology, 489, 592
- treatment, neurosurgery, 272, 597

ACTH: See Corticotropin

Adrenal cortex
- function in anxious human subjects [Persky], *93
- hormones: blood levels in patients with depressive reactions [Board et al.], *612
- response of, and phosphate excretion in schizophrenic patients [Stevenson et al.], *312

Adrenaline
- oxidation rates in schizophrenic and in normal persons [Angel et al.], *500

Aluminum
- oxide: effect of injection of cream containing, into basal ganglia [Faeth & Walker], *562

American Board of Psychiatry and Neurology, Inc.
- examinations, 54
- specialists certified in neurology, 54
- specialists certified in psychiatry, 107

Amino acids
- aromatic: effect of synthetic diet low in, on schizophrenic patients [Bogoch], *539

Amobarbital
- effects of premedication with, in lysergic acid diethylamide intoxication [Clark & Bliss], *653
- reserpine, methylphenidate hydrochloride, trihexyphenidyl and: effect on chronic schizophrenics [Rashkis & Smarr], *89
- sodium (Amytal sodium): comparative lucid intervals in patients with chronic schizophrenia after carbon dioxide, arecoline, and [Fulcher et al.], *392

Amytal sodium: See Amobarbital, sodium

Anxiety
- effect of corticotropin on adrenal cortex function in [Persky], *95
- temporal heart-rate patterns in [Glickstein et al.], *101
- visual discrimination and decision process in [Korchin et al.], *425

Arecoline
- comparative lucid intervals in patients with chronic schizophrenia after amobarbital, carbon dioxide, and [Fulcher et al.], *392

Arterenol
- epinephrine and: excretion in various emotional states [Elmadjian & Hope], 38
- epinephrine and, in patients with mental disease [Manger et al.], *396

Arteriography
- cerebral: Renografin (triiodide compound), new contrast medium for [La Fia & Jaeger], 591
- demonstration of collateral circulation of cerebral hemispheres by [Mount & Taveras], *235

Atropine
- effects of premedication with, in lysergic acid diethylamide intoxication [Clark & Bliss], *653

Autism
- infantile, early, in identical twins [Chapman], *621

Avoidance response
- extinction of: persistent effect of chlorpromazine on [Miller et al.], *526

B

Bacteria
- oropharyngeal: modifications of, with changes in psychodynamic state [Kaplan et al.], *656

Birth
- month of: relation to psychiatric conditions [Barry], 37

Bladder, urinary
- mucosa: spinal reflex activity from, in paraplegic patients [Bors & Blinn], *339

Blindness
- cerebral: electroencephalogram and patterns of recovery in [Bergman], *568

Blood
- sugar: late cerebral changes incident to severe hypoglycemia [Courville], *1
- sugar: relationship of blood glucose to changes in "insulin sensitivity" during insulin shock therapy [Bennett et al.], *221

Blood-brain barrier
- changes in, following exposure of brain [Pool], *369

BOL-128: See 2-Bromo-d-lysergic acid diethylamide under Lysergic acid diethylamide

BOOKS
- Alcoholism, Basic Aspects and Treatment [Himwich], 665
- Clinical Examinations in Neurology [staff, Mayo Clinic], 602
- Closed Ranks: Experiment in Mental Health Education [Cumming & Cumming], 665
- Criminal, Judge, and Public: Psychological Study [Alexander & Staub; translated by Zilboorg], 109
- Dance in Psychotherapy [Rosen], 325
- Epilepsy and the law [Barrow & Fabing], 55

Books—continued

Examination of nervous system: student's guide [Steegman], 56

From Custodial to Therapeutic Patient Care in Mental Hospitals: Explorations in Social Treatment [Greenblatt et al.], 326

Mecanismes cerebraux de la prise de conscience [Chauchard], 666

Modern Therapy in Neurology [Forster, ed.], 602

Pain and Pleasure: Study of Bodily Feelings [Szasz], 602

Physiological Foundations of Neurology & Psychiatry [Gelhorn], 601

Psychoanalyse d'aujourd'hui [Nacht, ed.], 327

Psychosynthesis: Project for Scientific Psychology [Crawford], °665

Selected Papers of Sir Gordon Holmes [Walshe, ed.], 601

Sentence Completion Method: Its Diagnostic and Clinical Application in Mental Disorders [Rohde], 111

Social Problem of Mental Deficiency [O'Connor & Tizard], 111

Subarachnoid hemorrhage [Walton], 55

Systematique et electroencephalographie des encephalites et encephalopathies [Radermecker], 384

Tranquilizing Drugs [Himwich], 665

Brain

anoxia, cerebral: relation of late cerebral changes incident to severe hypoglycemia (insulin shock) [Courville], °1

basal ganglia: effect of injection alumina cream into [Faeth & Walker], °562

blood supply: arteriographic demonstration of volateral circulation of cerebral hemispheres [Mount & Taveras], °235

blood supply: effects of chlorpromazine on cerebral circulation and electroencephalogram in cats [Ingvar & Soderberg], °254

blood supply: experimental interruption middle cerebral artery followed by induction of hypothermia [Rosomoff], °454

blood supply: pineal gland displacement during acute cerebrovascular occlusion [Drori et al.], °228

blood supply: vasocardiac effects of circle of Willis [Pool], °355

cerebellar disorders, idiopathic, acute of childhood [Schwarz et al.], 479

cerebral activity, paroxysmal: alterations in mental function and [Kooi & Hovey], °264

changes, late, incident to severe hypoglycemia [Courville], °1

exposure of: changes in blood-brain barrier following [Pool], °369

temporal lobe: recent memory impairment in unilateral lesions of [Walker], °543

tumor: depth determination by electroencephalographic recordings during sleep [Silverman & Groff], °15

vascularity: relation between, and P^{32} uptake [Bakay], °29

C

Carbon dioxide

comparative lucid intervals in patients with chronic schizophrenia after amobarbital, arecoline, and [Fulcher et al.], °392

Chlorpromazine

effects on cerebral circulation and electroencephalogram in cats [Ingvar & Soderberg], °254

effects of premedication with, in lysergic acid diethylamide intoxication [Clark & Bliss], °653

persistent effect of, on extinction of an avoidance

Conflicts

response [Miller et al.], °526

Circle of Willis: See under Brain, blood supply

activity-passivity, and continuum of ego defenses: psychoanalytic theories of [Sarwer-Foner], °413

Copper

serum: levels in schizophrenic and in normal persons [Angel et al.], °500

serum, and oxidase activity in schizophrenic patients [Horwitt et al.], °275

Cornu Ammonis: See Hippocampus

Corticotropin

effect on adrenal cortex function in anxious subjects [Persky], °95

Cryptococcosis (Torulosis)

experimental [Levine], 477

D

Depression

depressive affect and endocrine functions [Board et al.], °612

depressive and paranoid reactions: application of adaptational principles to their understanding [Orbach & Bieber], °301

DPP: See N,N-dimethyl-p-phenylenediamine

Dystrophy

muscular: skeletal muscle from patients with, cultured in vitro [Geiger], 585

E

Ego defenses

continuum of, and activity-passivity conflicts: psychoanalytic theories of [Sarwer-Foner], °413

Electroconvulsive therapy: See Shock therapy, electric

Electroencephalography

brain tumor depth determinations by recordings during sleep [Silverman & Groff], °15

effects of chlorpromazine on cerebral circulation and electroencephalogram in cats [Ingvar & Soderberg], °254

electroencephalogram and patterns of recovery in cerebral blindness [Bergman], °568

predictability of electroencephalogram in people with seizures [Renfrew et al.], °329

relation of delta activity to behavorial response in electroshock [Fink & Kahn], °516

value of sleep recordings in conditions other than epilepsy [Silverman], 40

Epilepsy

experimental, in cat with injury of cornu Ammonis [Green et al.], °259

focal and generalized: chronic depth recording [Walker & Ribstein], 44

pallidotomy and pallidoamygdalotomy in certain of convulsive disorders [Wycis et al.], 482

EPILEPSY—continued
and arterenol: excretion in various emotional states [Elmadjian & Hope], 38
and arterenol in mental disease [Manger et al.], *396
-methacholine testing: reliability [Sloane et al.], 294

G

Glia
cells: presumed role of [Korey], 476

Glutathione
blood levels in schizophrenic and in normal persons [Angel et al.], *500
Heart rate: temporal patterns in anxious patients [Glickstein et al.], *101

H

Heart
vasocardiac effects of circle of Willis [Pool], *855

Hematoma
extradural, chronic [Nora & Rosenbluth], 585

Hippocampus
experimentally induced epilepsy in cat with injury of [Green et al.], *259

Hypoglycemia: See under Blood, sugar

Hypothermia
and cerebral vascular lesions: experimental interruption of middle cerebral artery followed by induction of hypothermia [Rosomoff], *454

I

Insulin
sensitivity to: relationship of blood glucose to changes in, during insulin shock therapy [Bennett et al.], *221

Iodine and iodine compounds
Renografin: new contrast medium for cerebral arteriography [La Fia & Jaeger], 591

J

Jackson, J. Hughlings
Jacksonism and works of Ribot [Delay], *505

L

Language
schizophrenic: expressive form in [Lorenz], *643

LSD: See Lysergic acid diethylamide

Lysergic acid diethylamide (LSD)
effects on time sense of normal persons [Boardman et al.], *321
intoxication: Psychopharmacological studies [Clark & Bliss], *653
2-Bromo-d-lysergic acid diethylamide: effects of premedication with, in lysergic acid diethylamide intoxication [Clark & Bliss], *653

M

Mecholyl: See Methacholine

Memory
impairment, recent, in unilateral temporal lesions [Walker], *543

Meningitis
tuberculous, in adults [Riggs et al.], 40

Mental function
alterations in, and paroxysmal cerebral activity [Kooi & Hovey], *264

Mental syndromes
organic: elementary consideration [Thomas], 477

Mepazine
and placebo: effects on incontinence in psychotic patients [Baker & Thorpe], *57

Mescaline
effects of premedication with, in lysergic acid diethylamide [Clark & Bliss], *653

Methacholine
epinephrine-methacholine testing: reliability [Sloane et al.], *294

Methylphenidate hydrochloride
reserpine, trihexyphenidyl, amobarbital and: effect on chronic schizophrenics [Rashkis & Smarr], *89

Muscle tissue culture
diagnostic value [Garvin], 586
skeletal muscle from patients with muscular dystrophy cultured in vitro [Geiger], 585

Muscular dystrophy: See Dystrophy, muscular

Myotonia
treatment with procainamide [MacRobbie & Friedlander], *473

N

Narcotics
dependence on [Rado], 479

Neuroleptic drugs
chlorpromazine and reserpine: psychomotility and Parkinsonism in treatment with [Freyhan], *465

NEWS AND COMMENT, 54, 107, 383, 490, 600

N,N-dimethyl-p-phenylenediamine
oxidation rates in schizophrenic and in normal persons [Angel et al.], *500

Nor-adrenaline: See Arterenol

Norepinephrine: See Arterenol

O

Oropharynx
bacterial flora: changes with changes in psychodynamic state [Kaplan et al.], *656

Oxidase activity
serum copper and, in schizophrenic patients [Horwitt et al.], *275

P

P^{32}: See phosphorous, radioactive, under Phosphorous and phosphorous compounds

Pacatal: See Mepazine

Pallidoamygdalotomy
- pallidotomy and, in certain types of convulsive disorders [Wycis et al.], 482

Pallidotomy
- and pallidoamygdalotomy in certain types of convulsive disorders [Wycis et al.], 482

Paralysis
- agitans (Parkinsonism): psychomotility and, in treatment with neuroleptic drugs [Freyhan], °465

Paranoid reactions
- depressive reactions and: application of adaptational principles to their understanding [Orbach & Bieber], °301

Parkinsonism: See Paralysis, agitans

Phosphorus and phosphorous compounds
- adrenocortical response and phosphate excretion in schizophrenic patients [Stevenson et al.], °312
- phosphorous, radioactive: relation between cerebral vascularity and uptake of [Bakay], °29

Pineal gland
- displacement in acute cerebrovascular occlusion [Drori et al.], °228

Placebo
- mepazine and: comparison of effects on incontinence in psychotic patients [Baker & Thorpe], °57

Porphyria
- neurologic aspects of [Naef et al.], 481

Postgraduate education
- Congress of Neurological Surgeons, 383
- Houston (Texas) neurological Society: symposium on pathogenesis and treatment of Parkinsonism, 383

Procainamide
- treatment of myotonia with [MacRobbie & Friedlander], °473

Promazine
- hydochloride: treatment of chronic schizophrenia with [Sibilio et al.], °419

Psychiatric illness
- relation of month of birth to [Barry], 37

Psychiatry
- treatment in: general therapy [Rashkis], °491

Psychoanalysis
- effects of taraxein on patient in [Lief], °624
- psychoanalytic theories of activity-passivity conflicts and of continuum of ego defenses [Sarwer-Foner], °413

Psychology
- medical: need for, as new subdiscipline in medical profession [Kubie], °283

Psychotherapy
- pharmacologic: effective psychotherapy during drug-induced states [Rothman & Sward], °628

Psychotic patients
- effects of tranquilizers on [Cutler et al.], °61
- placebo response in [Baker & Thorpe], °57

Pyramidal tract
- is there a pyramidal tract? [Bucy], 586

R

Radioisotopes
- in neurology and neurosurgery: present status [Selverstone], 590

Rathke's cleft
- cyst of [Schlezinger], 42

Renografin (contrast medium): See under Iodine and iodine compounds

Reserpine
- effect on pathological activity in psychotic patients [Cutler et al.], °61
- methylphenidate hydrochloride, trihexyphenidyl, amobarbital and: effect on chronic schizophrenics [Rashkis & Smarr], °89

Ribot, Theodule
- Jacksonism and works of [Delay], °505

S

Schizophrenia
- adrenocortical response and phosphate excretion in patients with [Stevenson et al.], °312
- benign [Blau], °605
- childhood: course [Eisenberg], °69
- chronic: drug and milieu effects in patients with [Rashkis & Smarr], °89
- chronic: treatment with promazine hydrochloride [Sibilio et al.], °419
- comparative lucid intervals after amobarbital, carbon dioxide, and arecoline in patients with [Fulcher et al.], °392
- effect of synthetic diet low in aromatic amino acids to patients with [Bogoch], °539
- expressive form in language of patients with [Lorenz], °643
- serum copper and oxidase activity in patients with [Horwitt et al.], °275
- serum oxidation tests in patients with, and normal subjects [Angel et al.], °500
- 16-year follow-up of patients seen in outpatient clinic [Errera], °84
- and task orientation: structured word setting [Scher], °531

Seizures
- psychomotor: predictability of electroencephalogram in persons with [Renfrew et al.], °329

Shock therapy
- electric: fear of [Friedman], °385
- electric: relation of electroencephalographic delta activity to behavioral response in [Fink & Kahn], 516
- insulin: late cerebral changes to over-treatment [Courville], °1
- insulin: relationship of blood glucose to changes in "insulin sensitivity" during [Bennett et al.], °221

Sleep
- electroencephalographic recordings: brain tumor depth determinations [Silverman & Groff], °15
- encephalographic recordings: value in conditions other than epilepsy [Silverman], 40

Spinal cord
diffuse mengiomatosis, arachnoidal fibrosis, and syringomyelia [Netsky], °553
effect of high-intensity focused ultrasound on nerve cells of, in mouse [Bowsher], °377
injury: mechanism of spasticity following [McCouch & Austin], 43
leptomeninges: calcification and ossification of, with myelopathy and radiculopathy [Cramer & Correll], 478
reflex activity from vesical mucosa in paraplegic patients [Bors & Blinn], °339

Spinoreticular fibers
terminal distribution in cat [Rossi & Brodal], °439

T

Taraxein
effects on patient in analysis [Lief], °624

Tests
prognostic: reliability of epinephrine-methacholine [Sloane et al.], °294

Thyroid gland
hormones: blood levels in patients with depressive reactions [Board et al.], °612

Time perception
effects of lysergic acid diethylamide (LSD) on, in normal persons [Boardman et al.], °321

Tranquilizers
effect on pathological activity in psychotic patients [Cutler et al.], °61

Trihexyphenidyl
reserpine, methylphenidate hydrochloride, amobarbital, and: effect on chronic schizophrenics [Rashkis & Smarr], °89

Twins
identical: early infantile autism in [Chapman], °621

U

Ultrasound
focused, high-intensity: effect on nerve cells in spinal cord of mouse [Bowsher], °377
